Professional Summary

Recent B.Tech graduate in Electronics and Communication Engineering with hands-on experience in Java, Advanced Java, JDBC, JSP, Servlets, SQL, MySQL, HTML, CSS, and Basic JavaScript. Completed Java Full Stack training at TAP Academy with experience developing dynamic web applications using Java EE technologies. Passionate about software development, problem solving, and building scalable web applications. Seeking opportunities as a Software Engineer or Java Developer.

Technical Skills

Programming Languages: Java, SQL, Python, Basic JavaScript

Advanced Java: JSP, JDBC, Java EE (JEE), Servlets

Web Technologies: HTML5, CSS3, Responsive Design

Database: MySQL

Core Concepts: OOP, Problem Solving

Tools: Git, GitHub, Eclipse, VS Code, Apache Tomcat, MS Excel

Internships

Software Development Intern — TAP Academy

Jan 2026 – Jun 2026

- Developed Java Full Stack applications using Core Java, JDBC, JSP, Servlets, and MySQL.
- Built dynamic web modules and integrated database operations using JDBC.
- Deployed applications on Apache Tomcat and performed application testing.
- Applied Object-Oriented Programming concepts while developing real-world projects.

Application Developer Intern — Rooman Technologies

May 2025 – Jul 2025

- Developed 5+ responsive web pages using HTML, CSS, and JavaScript.
- Implemented interactive UI features using DOM manipulation.
- Participated in development, testing, and debugging activities.

Projects

Food Delivery Web Application

May 2026 – Jun 2026

- Developed a web-based food ordering application using JSP, Servlets, JDBC, MySQL, HTML, and CSS.
- Implemented user authentication, restaurant listing, menu management, shopping cart, and order placement modules.
- Applied the DAO Design Pattern for database operations and deployed the application on Apache Tomcat.

River Flood Early Warning System

Dec 2025 – Apr 2026

- Developed a real-time flood monitoring system using ESP32, Raspberry Pi, LoRa, and Adafruit IO.
- Implemented Telegram alerts, buzzer alarms, and a cloud dashboard for monitoring.

Personal Portfolio Website

May 2025 – Jun 2025

Live Portfolio: harshithaposa27.github.io/Personal-Portfolio

- Built a responsive portfolio website using HTML, CSS, and JavaScript.
- Showcased projects, skills, internship experience, and certifications.

Certifications & Achievements

- Qualified for CTF Round – Great AppSec Hackathon 2024.
- NPTEL Elite Certification – Internet of Things (82%).
- NPTEL Certification – Computer Architecture (65%).
- Java Workshop Certification.
- C Programming Certification.

Education

B.Tech in Electronics and Communication Engineering

2022 – 2026

Ashoka Women's Engineering College

CGPA: 8.5/10

Intermediate (MPC)

2020 – 2022

SV Jr College for Girls

Percentage: 93.7%

SSC

2019 – 2020

MPL Girls High School

GPA: 10.0
